Plant Imitation

Plant Imitation

We are capable to exploit and produce all series of top-grade high-quality plant imitations. Especially the latest product, the super large tree imitation, is very popular all over the world, the highest of which can reach 40 meters. With characters of novel and marketable, we enjoy a high reputation in the plant imitation business line and have received good comments from our domestic and overseas customers, the simplest example is the largest theatric imitations in the world created by us in the circus of Guangzhou Changlong zoo, which have been greatly commented by all circles.
